Hi Sonja.

I would say this case has a better chance than most drug cases of going to trial. However, it is a relatively young case and the defendant is not held; it will not be first in line to get a judge. I would say the chances are definitely below 50% but it definitely could go.

Hope this helps.

Bob.

Hi-

I just wanted to let you know that I received a summons for a case in Wareham District Court for December 13, 2011, which is the same day that your Pagan case is scheduled to go. I've let the ADA know that I also have your case scheduled, but am curious as to likelihood of your case going forward so I can keep her informed. Thanks.
